## EXPERIENCE

AMAZON.COM (JUNE '14 – SEPT. '14)

**Software Development Engineer Intern** // Creating a new feature for Sponsored Products, an advertising platform within Amazon.

TEMPO AI (FEB. '14 – JUNE '14)

**Junior Software Engineer** // Worked on the iOS client for Tempo AI, a smart calendar. Responsibilities included creation of iPad Week and List views, as well as integration with iOS Reminders, Waze, and Speak.

## PROJECTS

SLO TRANSIT

Created a Windows Phone 8 app (C# / XAML) showing the schedules and current bus location for routes serviced by SLO Transit.

WEB DEVELOPMENT

Built websites using ASP, Bootstrap, HTML5, and CSS3 for myself as well as other students at Cal Poly.
